## INDEPENDENT AUDITOR'S LIMITED ASSURANCE REPORT

To the Shareholders  
Alijarah Holding Q.P.S.C.  
Doha – Qatar

### **Report on compliance with the Qatar Financial Markets Authority's law and regulations and Other Relevant Legislations including the Corporate Governance Code for Companies and Legal Entities Listed on the Main Market.**

In accordance with the requirements of Article 24 of the Governance Code for Companies & Legal Entities Listed on the Main Market Issued by the Qatar Financial Markets Authority (QFMA) Board pursuant to Decision No. (5) of 2016, we have carried out a limited assurance engagement over Board of Directors' assessment of compliance of Alijarah Holding Q.P.S.C. referred as the "Company" with the QFMA's law and relevant legislations, including the Governance Code for Companies and Legal Entities Listed on the Main Market (the "Code") as of December 31, 2024 as noted in the Board of Director's Corporate Governance Report (Corporate Governance Report), excluding provisions listed under Other information section of this report.

#### **Responsibilities of the directors and those charged with governance**

The Board of Directors of the Company are responsible for preparing the accompanying Corporate Governance Report that covers at a minimum the requirements of Article 4 of the Code.

The Board of Directors are also responsible for ensuring the Company's compliance with the QFMA's law and relevant legislations and the Governance Code for Companies & Legal Entities Listed on the Main Market issued by the QFMA's Board pursuant to Decision No. (5) of 2016 and preparing the, 'Report on compliance with the QFMA's law and relevant legislations, including the Code', as set out in the Corporate Governance Report excluding disclosure on Corporate Social Responsibility mentioned within the Corporate Governance Report.

#### **Responsibilities of the Assurance Practitioner**

Our responsibilities are to issue a limited assurance conclusion on whether anything has come to our attention that causes us to believe that the "Board of Directors' Governance Report on compliance with the QFMA's law and relevant legislations, including the Code" presented disclosures of the Corporate Governance Report excluding disclosure on Corporate Social Responsibility mentioned within eleventh disclosure of the Corporate Governance Report do not present fairly, in all material respects, the Company's compliance with the QFMA's law and relevant legislations, including the Code, based on our limited assurance procedures.

#### **Reporting on compliance with QFMA's law and relevant legislations, including the Code**

We conducted our engagement in accordance with International Standard on Assurance Engagements 3000 (Revised) 'Assurance Engagements Other Than Audits or Reviews of Historical Financial Information' issued by the International Auditing and Assurance Standards Board ('IAASB'). This standard requires that we plan and perform our procedures to obtain limited assurance about whether anything has come to our attention that causes us to believe that the Board of Directors' statement of compliance with the QFMA's law and relevant legislations, including the Code, taken as a whole, is not prepared in all material respects, in accordance with the QFMA's law and relevant legislations, including the Code.

The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement. Consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed. We did not perform procedures to identify additional procedures that would have been performed if this were a reasonable assurance engagement.

A limited assurance engagement involves assessing the risks of material misstatement of the Board of Directors' statement of compliance with the QFMA's law and relevant legislations, including the Code, whether due to fraud or error and responding to the assessed risks as necessary in the circumstances. A limited assurance engagement is substantially less in scope than a reasonable assurance engagement in relation to both the risk assessment procedures, including an understanding of internal control, and the procedures performed in response to the assessed risks.

## INDEPENDENT AUDITOR'S LIMITED ASSURANCE REPORT (CONTINUED)

### Reporting on compliance with QFMA's law and relevant legislations, including the Code (Continued)

Accordingly, we do not express a reasonable assurance opinion about whether the Board of Directors' statement of compliance with the QFMA's law and relevant legislations, including the Code, taken as a whole has been prepared, in all material respects, in accordance with the 's law and relevant legislations, including the Code.

The procedures we performed were based on our professional judgment and included inquiries, observation of processes performed, inspection of documents, evaluating the appropriateness of reporting policies of the Company, and agreeing with underlying records.

Given the circumstances of the engagement, in performing the procedures listed above we:

- Made inquiries of management to obtain an understanding of the processes followed to identify the requirements of the QFMA law and relevant legislations, including the Code (the 'Requirements'); the procedures adopted by management to comply with these Requirements and the methodology adopted by management to assess compliance with these Requirements. This included analyzing the key processes and controls for reporting compliance with the Requirements;
- Considered the disclosures by comparing the contents of the Corporate Governance Report against the requirements of Article 4 of the Code;
- Agreed the relevant contents of the Corporate Governance Report to the underlying records maintained by the legal and compliance department of the Company;
- Performed limited substantive testing on a selective basis, when deemed necessary, to assess compliance with the Requirements, and observed evidences gathered by the Company's management and assessed whether violations of the Requirements, if any, have been disclosed by the Board of Directors, in all material respects.

Our limited assurance procedures do not involve assessing the qualitative aspects or effectiveness of the procedures adopted by management to comply with the Requirements. Therefore, we do not provide any assurance as to whether the procedures adopted by management were functioning effectively to achieve the objectives of the QFMA's law and relevant legislations, including the Code.

### Our independence and quality control:

In carrying out our work, we have complied with the independence and other ethical requirements of the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour and the ethical requirements that are relevant in Qatar. We have fulfilled our other ethical responsibilities in accordance with these requirements and the (IESBA) Code.

Our firm applies International Standard on Quality Control (ISQC) 1 and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

### Inherent limitations

Many of the procedures followed by entities to adopt governance and legal requirements depend on the personnel applying the procedure, their interpretation of the objective of such procedure, their assessment of whether the compliance procedure was implemented effectively, and in certain cases would not maintain audit trail. It is also noticeable that the design of compliance procedures would follow best practices that vary from one entity to another and from one country to another, which do not form a clear set of criteria to compare with.

Non-financial performance information is subject to more inherent limitations than financial information, given the characteristics of the Governance Report and the methods used for determining such information.

### Other information

The Board of Directors are responsible for the other information. The other information comprises the Corporate Governance Report (but does not include the Directors' Report on compliance with QFMA's law and relevant legislations including the Code' presented in disclosures of the Corporate Governance Report (the "Directors' Statement") which we obtained prior to the date of this assurance report.

Our conclusion on the Board of Director's Corporate Governance Report on compliance with applicable QFMA laws and relevant legislations including the Code does not cover the other information and we do not, and will not express any form of assurance conclusion thereon.

**INDEPENDENT AUDITOR'S LIMITED ASSURANCE REPORT (CONTINUED)**

**Other information (Continued)**

In connection with our assurance engagement on the applicable sections of the Corporate Governance Report, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the Corporate Governance report or our knowledge obtained in the engagement, or otherwise appears to be materially misstated. If, based on the work we have performed, on the other information that we obtained prior to the date of this report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard. When we read, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and the QFMA.

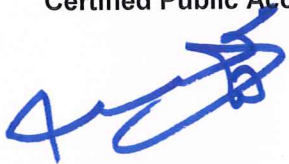

If, based on the work we have performed, on the other information that we obtained prior to the date of this report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the complete Corporate Governance Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and the QFMA.

**Conclusion**

Based on our limited assurance procedures described in this report, nothing has come to our attention that causes us to believe that the Board of Directors' report on compliance with QFMA's law and relevant legislations, including the Code, as presented in the Board of Director's Corporate Governance Report, do not present fairly, in all material respects, the Company's compliance with the QFMA's law and relevant legislations, including the Code as at December 31, 2024.

Risk management process the objective of the company's risk management process is to assess, treat, monitor and communicate the material risks that could impact the achievement of the company's strategic objectives.

Establish the Context The assessment is carried out in the context of the environment in which company operates, the company's strategic objectives and business plans.

Risk Identification New and emerging risks that are material to the company are identified through structured interviews and workshops with key stakeholders. A risk is characterized by an event or condition and its potential impact, with consideration given to what, where, when, why and how risks could impact the achievement of company's strategic business objectives.

Risk Evaluation Risk evaluation is performed by comparing the results of the risk analysis with the company's risk appetite to determine whether or not the risk is acceptable or further treatment is required.

Risk Treatment Where the risk evaluation determines that further treatment is required, a decision must be made whether to:

reduce the risk by instigating a risk action plan.

avoid the risk altogether by discontinuing the activity that gives rise to the risk.

Action Plan Action plans includes specific actions to be completed, accountability for their completion and timeframes for completion.

Risk Monitoring & Review Internal Audit are responsible for monitoring progress against these action plans and for appropriate escalation through to the management and the Audit committee where necessary. The Internal Audit also perform detailed reviews of company's top risks in accordance with the Internal Audit plan and report the outcomes to the Audit Committee. They carry out and monitor the implementation of action plans and their effectiveness in mitigating the identified risks and consider how risk management activities have affected the achievement of company's strategic objectives.
